	any requirements to the student(s).

The Classroom Connection: Preparation and Reflection

Before the Work Experience

Set the student(s) up for success by having them:

- Research the job. company and industry of the employer.
- Discuss how the work experience can help them meet learning objectives.

After the Work Experience

- Spark student reflection with an activity.
- Ask, "What new things did you learn from this job and what skills did you acquire?"
- See if they want to find out more or further explore different jobs and careers in the employer's industry.

During the Work Experience

☐ Distribute and collect any required forms.

Design and coordinate concurrent learning activities in the classroom, so the work experience is
not an isolated activity but is connected to academic learning.

Provide opportunities for students to reflect on the experience in the classroom, both verbally and in writing.

After the Work Experience

Continue to provide reflection activities for students and help them make the connection
between what they're learning and the workplace.

- Help the student(s) update his or her Resume' and Employability Skills Profile and think about any next steps they would like to take to further their career goals.
- Assess and document the impact and value of the work experience and discuss the completed worksite supervisor evaluation with the student(s)
- ☐ Work with the coordinator and utilize employer, teacher and student feedback to improve future work experiences. (Use the WBL Activity Evaluation)

Go Deeper

Make the work experience part of a project and have the student(s) prepare and deliver a presentation to others at your school about the host company.
